

Logistics4events offer registration and accommodation services as well as IT solutions for any size of event. Based on many years of experience in participant registration and accommodation management of important swiss and international conferences, we have created a platform to deliver customized event solutions by combining a customized software and professional service. No matter if you are looking for a solution to handle small meetings or workshops yourself or if you organize a large event, logistics4events can provide your customized solution.

Interested? Please do not hesitate to [contact](#) us and we will develop your personal concept!
